TSX COMPOSITE EARNINGS SCORECARD

AGGREGATE EARNINGS AND REVENUE PERFORMANCE VS ESTIMATES

The TSX Composite Earnings Scorecard is the most comprehensive and up to the minute compilation of aggregated earnings growth and market intelligence covering the companies included in the TSX Composite Index.

This report combines Thomson Reuters unrivaled historical earnings database, in depth coverage of sell side analysts' bottom-up corporate earnings estimates, and the analytic capabilities of Thomson Reuters Proprietary Research Group and desk-top solutions.

EARNINGS DASHBOARD

IMPORTANT NOTICE

This disclaimer is in addition to and not in replacement of any disclaimer of warranties and liabilities set forth in a written agreement between Thomson Reuters and you or the party authorizing your access to the Service ("Contract Disclaimer"). In the event of a conflict or inconsistency between this disclaimer and the Contract Disclaimer the terms of the Contract Disclaimer shall control.

By accessing these materials, you hereby agree to the following:

These research reports and the information contained therein is for your internal use only and redistribution of this information is expressly prohibited. These reports including the information and analysis, any opinion or recommendation is not intended for investment purposes and does not constitute investment advice or an offer, or an invitation to make an offer, to buy or sell any securities or any derivatives related to such securities.

Thomson Reuters does not warrant the accuracy of the reports for any particular purpose and expressly disclaims any warranties of merchantability or fitness for a particular purpose; nor does Thomson Reuters guarantee the accuracy, validity, timeliness or completeness of any information or data included in these reports for any particular purpose. Thomson Reuters is under no obligation to provide you with any current or corrected information. Neither Thomson Reuters nor any of its affiliates, directors, officers or employees, will be liable or have any responsibility of any kind for any loss or damage (whether direct, indirect, consequential, or any other damages of any kind even if Thomson Reuters was advised of the possibility thereof) that you incur in connection with, relating to or arising out of these materials or the analysis, views, recommendations, opinions or information contained therein, or from any other cause relating to your access to, inability to access, or use of these materials, whether or not the circumstances giving rise to such cause may have been within the control of Thomson Reuters.

The information provided in these materials is not intended for distribution to, or use by, any person or entity in any jurisdiction or country where such distribution or use would be contrary to law or regulation or which would subject Thomson Reuters or its affiliates to any registration requirement within such jurisdiction or country.

DISCLAIMERS

The service does not constitute a recommendation to buy or sell securities of any kind and Thomson Reuters has not undertaken any liability or obligation relating to the purchase or sale of any securities for or by you.

The service is furnished to you on an "as is" basis with all faults and defects contained therein. Thomson Reuters does not make any representations or warranties either express or implied, including without limitation, any implied warranty of merchantability or fitness for a particular purpose or use, with respect to any aspect of the service. Thomson Reuters does not make any warranties that the service will be uninterrupted, timely, complete, and accurate or error free, or the results to be obtained from use of the service. Use of the service is at your sole risk and Thomson Reuters shall not have any responsibility or liability for any errors or omissions in, or resulting from the use of, the services or the software product, any decision made or action taken by you in reliance upon the services, any failures or delays in providing the service, any loss of use thereof, or for any loss, damage, injury or expense caused directly or indirectly by its actions or inactions in connection with this agreement or the production, distribution or redistribution of the service. Thomson Reuters will not in any way be liable to you or to any other entity for any indirect, consequential, punitive, special or exemplary damages, including, but not limited to, loss of profits, resulting there from, regardless of cause and regardless of whether or not Thomson Reuters was advised of the possibility of such damages.

JURISDICTION

These Terms and Conditions shall be construed and enforced in accordance with the law of the State of New York without giving effect to any choice of law or conflict of law provisions. In no event shall these Terms and Conditions be governed by the United Nations Convention on Contracts for the International Sale of Goods. UCITA, whether enacted in whole or in part by any state or applicable jurisdiction, regardless of how codified shall not apply to these Terms and Conditions and is hereby disclaimed. Any disputes arising under these Terms and Conditions will be brought and heard in the appropriate Federal or state court located in New York County in the State of New York and each of the parties hereby irrevocably consents to the jurisdiction of such courts.

You may not assign these Terms and Conditions nor any rights granted hereunder by sale, change in control or otherwise without Thomson Reuters' prior written consent.

ABOUT THOMSON REUTERS EIKON

Thomson Reuters Eikon is more comprehensive and collaborative than anything you've ever worked with. It is a real-time research and portfolio management solution that delivers a broad and deep range of global financial content and insight. You get direct, unfiltered access to industry-leading sources of financial information and analytics, all in a fully integrated workspace designed to help you better analyze your investable universe and monitor your holdings. In a single application, you can: access broker research, estimates, financials, events, news, fixed income and credit analysis, and more; conduct in-depth portfolio analysis versus indices, sectors, and industries; investigate data aggregates and complex data relationships; broaden your understanding of the credit markets; monitor negative developments and uncover new investment ideas. We also provide effortless integration of our content into your proprietary spreadsheets, and allow you to stay connected to critical portfolio information on your BlackBerry®.
