

HAMILTON ART GALLERY FORMALLY OPENED

First Municipal Gallery in Ontario

PICTURES UNIFORMLY GOOD

Quality in Subject and Style of Treatment—Collection of the Late W. Blair Bruce (the Nucleus)—Women Want Clinic for Poor Children.

(Special Despatch to The Globe.) Hamilton, June 30.—This afternoon the Art Gallery of Hamilton was formally opened by Sir John M. Gillingham, in the presence of a large gathering of ladies and gentlemen, and when the pictures that have been gathered were presented to view the expressions of surprise and delight were many. A. M. Cunningham, president of the Board of Governors, in the chair, and he briefly outlined the events which had led up to the establishment of the gallery, which is the first municipal gallery in Ontario. He stated that a couple of years ago the family of the late W. Blair Bruce, a native Hamiltonian who had achieved distinction in Europe, offered to the city a collection of thirty paintings, on condition that the city would permanently house them. The offer was readily accepted, and then a number of gentlemen who had for years been interested in the matter of forming an art gallery, approached the Board of Control in the matter. It was agreed to make the grant of \$1,000 per year towards the upkeep of the gallery and give a portion of the old public library for this purpose. The Board of Control approached a large number of Canadian artists with the request that they loan pictures for six months, it being thought better to have loan exhibition than a permanent one, as a variety could thus be secured which would not be possible with a small permanent collection. About fifty leading Canadian artists sent pictures representing various schools, whose pictures, along with the Bruce collection, form the exhibit. Mr. Cunningham then called on William Bruce, father of the artist, who addressed the gathering briefly. Sir John expressed the hope that the project would rapidly grow in size and be an important factor in art culture in this city. Success in this also will help the Board of Governors every day in their undertaking. Following the address his Honor was asked to be present to go through the exhibits, which were formally opened. The pictures are varied in interest of subject and style of treatment, various schools being represented by the works, which are uniformly good. Ladies Urge a Clinic.

At the meeting of the Board of Health this afternoon a number of resolutions were passed. One of these was the suggestion that a clinic for the care of the eyes, teeth, ears and throats of children of poor parents be established in a central part of the city, under the auspices of the Board of Health.

Striking. "Taking Holiday." The Hydro-electric linemen and other outside employees left work today. They said it was against the rules of their organization to strike, but that they would take a holiday until their demands for an increase of wages were met. Today the Hydro board is busy getting men to their places.

Unstable Fined. At a meeting of the Police Commissioners today Constable K. Lee was fined \$5 for taking a nap at his post for an hour while on night duty. A poolroom license was granted to Harry Morris for 155 1/2 James street north. James Garratt was appointed constable.

Teacher Declines Position. J. Morell, Toronto, will likely be appointed Principal of the Barton Street School, as W. E. Foster, Brantford, has declined to accept the position at a salary of \$1,200 a year.

Government Repays Ex-slave's Wife. W. A. Logie has succeeded in getting the Government to return to the Jackson wife of a former slave \$1, which her husband left, and which had been taken by the Government.

More for Entertainment. This afternoon G. H. Lees and J. J. Greene, representing the Y. M. C. A., asked the Reception Committee that the grant of \$100 made by the Board of Control to entertain representatives of municipalities who will be the association's guests during the Industrial Exposition next week, be increased to \$200, owing to a number who will come to the city. The committee recommended that the grant be increased.

First Steam Railway. The death occurred on Saturday of Mrs. Mary Livingston, widow of William Livingston, in her eighty-seventh year. She resided at Mount Hamilton, and had lived in this vicinity for about seventy-two years. She was born in Argyllshire, Scotland, but came to this country when a girl. She saw the first steam railway in England, and though well advanced in years retained her faculties till near the end, and had many interesting recollections of early Hamilton.

Should Settle Quarry Matter. At the Board of Control meeting this morning Controller Morris stated that there had been altogether too much lobbying in connection with the stone quarry purchase matter, and he thought it should be stopped, and that the matter should be settled one way or another. The question came before the board through the appearance there of some of the owners of the Dunlop quarry, on which the city has an option to purchase it at \$45,000. This option expired today, and was renewed till August 15, and the

owners were informed that the Council would speedily deal with the matter. It has been hanging fire since early in the year, and the owners considered that it was unfair to keep the property tied up so long, when they might have a chance to dispose of it elsewhere.

Word From George Malloch. Dr. A. E. Malloch of this city has received word from his son, George Malloch, from Wrangel Island, where he is marooned with part of the Stefansson party, stating that he expects to be home by the latter part of October. It was written on March 17.

Three Court Sentences. To-day Judge Monck sentenced Richard Cody to eighteen months in Central Prison for breaking into the residence at Aldershot, William Lawson to one month in jail for obtaining money by fraud as an employment agent, and Alex. Young to six months in Central Prison for forging the name of M. A. Pickett to checks.

CADETS ARE IN CAMP AT NIAGARA-ON-THE-LAKE (Continued from Page 1, Col. 4.)

one hundred officers and cadet instructors. The afternoon was given over to organization, regular drill to commence to-morrow morning at 7 o'clock. The camp was the usual bathing parade to Mississauga Beach about 4 o'clock, about fifteen hundred youngsters taking advantage of the warm water usually found on the south shore of the lake, and to the casual spectator they were having the time of their lives.

The messing arrangements, under the supervision of T. Bird of Toronto, are admirable. Three huge tents have been erected immediately in front of the lines. Each tent will seat in the neighborhood of eight hundred men. Tables and benches for both officers, instructors and cadets.

Movies and Games. The Y. M. C. A. has made arrangements with the militia authorities to continue the "movies" at the camp, and this entertainment will be provided every evening from dark until 10 p.m. The Y. M. C. A. will also provide sports of every kind for the boys. Competitive games will be arranged between the different companies of cadets in camp, the finals to be played off on Friday afternoon and evening, in which the usual prizes will be awarded. The Band of the Army Service Corps will provide music for the boys during their stay in Niagara.

ARCHDUKE'S ASSASSIN MAY ESCAPE DEATH

GAVRIO PRINZIP MAY GET AWAY WITH TEN YEARS OF IMPRISONMENT.

(Canadian Press Despatch.) Sarajevo, Bosnia, June 30.—The night passed quietly in this city, only six persons being arrested for slight offences. Martial law was still in force to-day, but there was no breach of the peace.

Reports from other districts of Bosnia to-day say that disorders have virtually ceased. The perpetrators of Sunday's outrage are to be tried before the civil courts and not under martial law. Nedeljo Gabrinovic, who threw the first bomb at the Archduke and his consort on Sunday, will therefore be liable only to imprisonment for a period of from five to ten years on a charge of attempted murder, while Gavrio Prinzip, who fired the fatal shots which, it is said, escape with ten years' imprisonment on account of his youth.

HOME RULE DEBATE IN THE LORDS TO-DAY

MUCH RUNNING TO AND FRO OF UNIONISTS TO DRAFT AMENDMENTS.

(Canadian Associated Cable.) London, June 30.—The debate in the Lords on the home rule amendment bill begins to-morrow. There has been much running to and fro among the Unionist members to draft amendments, regarding these and the general action of the Unionist Peers. To-day's Times offers some interesting editorial injunctions. "It is absolutely vital that the amendments should be sufficient to secure temporary peace," declares The Times. "All these proposals can do is to make the best of a desperate situation by laying down a basis of a temporary truce."

Everything is staked upon their acceptance but the country. The Times proceeds to declare: "It is absolutely certain the Unionist leaders themselves will sooner or later have to take up the settlement of the Irish question. We should like to see the Unionist leaders make it clear that, while condemning
