

WATERLOO GREETINGS ITS FIRST KNIGHT

Hydro From Niagara, Not Well-land, Says Sir Adam Beck

Predicted at Berlin Board of Trade Banquet That Radicals Would Connect Many Places at Present Un-served in Few Years.

(Special Despatch to The Globe.)
Berlin, Ont., July 8.—Sir Adam Beck was the guest of honor at the largely-attended and successful banquet held at the Casino overlooking the Grand River at Bridgeport, this evening. The Minister of Power was given an enthusiastic reception, as he is the first native of Waterloo county to be knighted. Sir Adam did not speak at any great length owing to the heat of the evening, but confined his remarks to describing the development of the Hydro power scheme since it was inaugurated in this city in 1902. He informed his hearers that the Commission is at present negotiating for an increased supply of power for western Ontario, and stated that it would not be developed along the Welland Canal, as was proposed some time ago, but would be secured at Niagara.

Power on French River.

The Minister announced that the Commission was taking steps to develop power along the French River, between Georgian Bay and Lake Nipissing, and had recently received an order for 10,000 horse-power from the British-American Nickel Corporation, which proposes to establish plants along the river. The Minister also referred to Hydro radial development in western Ontario, and predicted that cars would be in operation out of Berlin, to sections of the country not touched at present by railway systems within the next few years.

President L. J. Brethaupt was in the chair, and toasts to the city of Berlin and sister Boards of Trade brought responses from Mr. H. L. Alderman A. L. Brethaupt and J. E. Hett, Dr. A. Ochs of Preston, and M. L. Weber of Elmira.

INGERSOLL PHYSICIAN DEAD.

Dr. Coleridge was Mayor of the Town for Three Years.

(Special Despatch to The Globe.)
Woodstock, July 8.—The death occurred in this city this morning, at the residence of Sheriff McGehe, of Dr. J. B. Coleridge, a prominent Ingersoll physician. Dr. Coleridge for some months past had been in ill-health, and though his death was not unexpected, it caused deep regret in the town of Ingersoll. Dr. Coleridge was born in Ingersoll in 1878, and had lived and practised there all his life. He was quite prominent in public life, being Mayor of the town for three years. He was a coroner for a number of years, and was high in the Masonic Order. A wife and one infant son survive. Funeral arrangements have not yet been completed.

MEXICANS EXPEL BRITISHER.

El Paso, Texas, July 8.—George St. Clair Douglas, the British subject who was recently tried before a Constitutional court-martial at Zacatecas City on a charge of having assisted the Federals in their defence of the city, has been ordered expelled from Mexico. Manuel Carlos de la Vega, revolutionary governor of Zacatecas, ordered the expulsion. Douglas is expected to arrive here in a few days.

STORSTAD RELEASED.

Montreal, July 8.—The collier Storstad, which rammed the Empress of Ireland, was released from the arrest under which she was placed by the C. P. R. after the collision, by the payment into court this morning of \$175,000 for which she was sold yesterday. The Storstad left for Quebec, where she will be repaired.

What is Advertising?

Bright minds the country over have been trying to find a terse and exact definition for this marvellous force. "No one seems quite suitable. Advertising is in a sense like electricity—we know some of the things it will do, but we have hard work explaining what it is. Glance through to-day's Globe and notice the varied appeals advertising has to make. See the infinite variety of human wants it is seeking to supply. Notice how it pleads its cause. But what is it? How do you define it?"

SOBER, BUT FULL OF FUN SAYS CORONER'S JURY

ACCIDENTAL DROWNING VERDICT IN THE 'SIR DENYS ANSON INQUEST'

(Special Cable Despatch to The Globe.)
London, July 8.—The inquest held to-day into the death of Sir Denys Anson, who was drowned last Friday after diving in the Thames from a launch during a midnight trip, and Bandsman Mitchell, who lost his life while trying to save Anson, showed no foundation for the sensational reports circulated to the effect that something in the nature of an orgy took place aboard. The jury found that Anson and Mitchell lost their lives by accidental drowning, adding that Anson was "sober, but full of fun." Lady Diana Manners, a member of the launch party, sat in court with her father and mother, the Duke and Duchess of Rutland, and Miss Iris Tree, another member of the party, also accompanied by her father and mother, Sir Herbert and Lady Tree. Count Constantin Benckendorff, son of the Russian Ambassador, was host of the party, which numbered fifteen, and nearly all of whom were present at the inquest, dressed in mourning.

WINNIPEG JUDGE AND OFFICIALS THREATENED WITH INJURY IF KRACHENKO IS HANGED

(Canadian Press Despatch.)
Winnipeg, July 8.—The following is a copy of a letter written in red ink received by Chief Justice Howell this morning:
"To the Criminal Judge: I herewith wish to notify the Judge and everyone connected with Judgment due to criminals that should J. Krachenko be hanged for the crime he is charged with that there is at this present moment a secret society with 2,953 members (citizens) whose names are determined, and will physically ruin the street constables, shoot the executioner and give due punishment to all connected in the case, besides other city destructions if the sentence be carried out.
"Please note this is no mere threat, for we are
"A Determined Mob.
"Per President."

Nesbitt, M.P.; Donald Sutherland, M.P.; John McFarlan, M.P.P.; Senator Ratz, and Rev. Dr. D. C. McCrae, Moderator of the Presbytery of London.

WENT OUT AS GUIDE. CAME BACK PRISONER

FRONTENAC POLICE ARREST ALLEGED "BAD MAN" BY RUSE —TAKEN AFTER FIGHT

(Canadian Press Despatch.)
Kingston, July 8.—Charged with crime by one of his daughters, David Green, aged sixty, who lives at Bedford Mills, thirty miles from Kingston, and who is employed as a guide for fishermen and hunters, was arrested at his home this morning by County Constable Robert Smith and City Constable Marshall Armstrong and brought to the police station.
The accused was regarded as a desperate character and an officer went well armed. Under a ruse that they wanted him as a guide they got Green to row them from his home across Back Lake, and there they placed handcuffs on him. Although an aged man he put up a lively fight, and swore that had he known they were policemen he would have shot them. It is stated that for nights he has been sleeping near his boat with a shotgun and revolver handy, he having got wind that the police were on his tracks.
Accused has a family of eleven children, and there are four girls, the youngest 13 and the oldest sixteen. The arrest was made on information secured by J. L. Whiting, K.C., Crown Attorney. He will be arraigned in Police Court to-morrow and remanded for trial.

MIDDLESEX AND LONDON ELECTIONS ILLEGAL?

MAY BE NEW ELECTION BECAUSE ANNEXED PEOPLE VOTED IN WRONG RIDING

(Canadian Press Despatch.)
London, Ont., July 8.—Steps are to be taken to have the recent elections in East Middlesex and London set aside, according to a report. It is charged that the residents of the two constituencies voted illegally through the edict of the Attorney-General's Department whereby the recently-annexed districts of London were included in East Middlesex in the halting. Sir Adam Beck won in London over Dr. W. J. Stevenson, Liberal, and John D. Jacobs, Labor; and John McFarlan, Conservative, won in East Middlesex over John W. Laidlaw, Liberal candidate. The Liberals, it is reported, will seek to have by-elections held in both constituencies.

GIVES SECRET HISTORY OF WILLIAMS AFFAIR

EXPRESS CORRESPONDENT SAYS AMERICAN MINISTER TO GREECE WAS SLIGHTED

(Canadian Press Despatch.)
London, July 8.—The Corfu correspondent of The Daily Express claims to be able to give some of the secret history of the affair in which George Fred Williams, the former American Minister to Greece, figured so conspicuously.
Several weeks ago, it is said, a member of the United States House of Representatives arrived in Greece. He declared he had witnessed massacres of Albanians by Greek soldiers. He called in President Wilson and Sir Edward Grey, the British Foreign Secretary, urging them to intervene. President Wilson instructed Minister Williams to proceed to Ephesus to investigate the situation.
Before starting on this mission Mr. Williams informed his diplomatic colleagues that the results of his investigation would be at their service. Later he telegraphed to the International Commission that he had visited Albania, but the Commission, ignorant of the fact that he had been under instructions from the president, refused to receive him. Mr. Williams, furious at this slight, then wrote his report, in which he severely criticized the Commission.

FRENCH GOVERNMENT LOAN.

Seven Hundred Million Dollars Paid Over Counters in One Day.

(Canadian Press Despatch.)
Paris, July 8.—More than three and one-half billion francs (\$700,000,000) was paid over the counters of the Treasury to-day by the subscribers to the new Government loan, according to the completed figures issued by the Minister of Finance.
The nominal capital of the Rentes issued was \$844,000 francs. This was subscribed for more than forty times over, and the money paid in represented the first installment of ten per cent. Of this great sum, seven-eighths was in hard cash, and the other eighth in Treasury notes and bonds.
The issue surpasses all records, the previous issue being that of 295,000,000 francs in 1901, which was covered twenty-four times.

RICHARDSON'S MAJORITY 357.

Fergus, July 8.—(Special.)—Capt. R. T. Pritchard, the Returning Officer for East Wellington, made his official count here yesterday afternoon. There was never at any time any doubt as to the election of Mr. Udney Richardson, who formerly represented this riding, but the majority given him by the Conservative committee-rooms the night of the election was not correct. The majority given then was 436, whereas the official majority is 357.

KRACHENKO WILL HANG AT WINNIPEG TO-DAY

THERE WILL BE FEW WITNESSES OF THE EXECUTION IN THE JAIL YARD

(Canadian Press Despatch.)
Winnipeg, July 8.—John Krachenko, murderer of Bank Manager Henry M. Arnold, will be hanged at 7 o'clock to-morrow morning in the courtyard of the Provincial Jail here.
The prisoner received the news of the refusal of the appeal for commutation of sentence with the same fortitude and self-control as he had received the death sentence at Morden on April 9 last. The witnesses of the execution will be limited, passes being issued only by Sheriff Inkster, and there will be in addition to the Governor's jury and five press men, about a dozen others. Hangman Ellis will carry out the court's sentence.

ROOM IN PRIVATE HOUSE FITTED UP AS BAR

BERLIN FOREIGNER IS FINED \$100 FOR SELLING LIQUOR WITHOUT LICENSE

(Special Despatch to The Globe.)
Berlin, July 8.—Gustave Kroitzki, 158 Stange street, was fined \$100 and costs in the Police Court this morning by Magistrate Veir, who found the accused guilty of conducting a "blind pig" at his residence last Saturday night. The place was raided by Chief O'Neill, Serge Grassner and Constables Meehan, Arrel and Desmond, who gained an entrance to the cellar door. The rooms in the cellar were filled with men and women. One room was fitted up as a bar, with tables and glasses, and quarter-keg of beer on tap. On the first floor a dance was in progress. The prosecution showed that a collection of beer had been made by Kroitzki, who did not have a license to sell beer. From the case were heard, but could not be proved. Fines were imposed on several young men, who were in the house, for obstructing the police and using abusive language.

SAYS HE PAID ENGINEER.

Montreal Sewer Inquiry Brings Out Charge Which Engineer Denies.

(Canadian Press Despatch.)
Montreal, July 8.—According to evidence heard at the Notre Dame de Grace sewer investigation this afternoon at the City Hall, the Harrison Construction Company held \$100 a month to E. Pelland, a former City Engineer, in charge of the work, for what was explained to be reports on the quantities dug out of the trench. The total amount paid to the contractor was stated to be \$1,000. In evidence already heard, it was shown that Pelland passed the reports in estimates on which contractors were paid. The present inquiry is supposed to be alleged overcharges by Pelland to the press, denied receiving the money, and said he would take action against Mr. J. W. Harris, who said he had paid him money.

NO AUSTRIA-HUNGARY RUPTURE

Vienna, July 8.—Pears of a rupture between Austria and Hungary as a result of the assassination of Archduke Franz Ferdinand appear to be groundless. Count Stephen Tisza, the Hungarian Premier, addressing the Hungarian Parliament to-day, expressed regret at the excessive commitment against loyal Servians at Sarajevo. He denied that there was any danger of a revolution in Bosnia, and uttered a warning against the premature sweeping conclusions from the crime of a band of conspirators.

NEARLY SMOTHERED.

Brantford, July 8.—(Special.)—James Turner, who resides at the corner of Six Lines and Wolfe Streets, Holmdale, narrowly escaped being smothered to death while working for the city in an excavation on Murray street.
