HIS DIPLOMACY JUSTIFIED.

the United States Government refused

LLOYD GEORGE WARNS AGAINST CIVIL WAR

Duty of Britons to Preserve Peace in Ireland

Industrial Disputes in Great Britain, He Says, Are Complicated by Home Rule Fight—Speaks at the Lord Mayor's Dinner.

(Canadian Associated Cable.)
London, July 18.—Mr. Lloyd
George, at the Lord Mayor's dinner
last night to the bankers and mer-
chants of London, referring to the
present unrest in the labor world,
concluded his speech with these
words:

"I should not be doing my duty if
I did not utter this one word of
solemn warning. There are industrial
disputes in Ireland. Should there be
civil strife in that land, which Heaven
forbid, in the course of the next few
weeks, the situation will be the
gravest with which any Government
in this country has had to deal for
centuries. That is the reason why
responsible men of all parties should
strive and work for a reasonable
composition. Everyone who has the
honor and welfare of his country at
heart must earnestly hope and pray
that every effort will be made to at-
tain that object, and that it will be
ultimately crowned with success."

BIG STRIKE AVERTED ON WESTERN ROADS

TRAINMEN LAST NIGHT ACCEPTED MEDIATION BY FEDERAL BOARD.

(Canadian Press Despatch.)
Chicago, July 17.—Danger of a
strike of the engine crews of western
railroads was deferred to-night,
when the representatives of the men
accepted an offer of mediation by
William L. Chambers, Chairman of the
Federal Board of Mediation and
Conciliation. The meeting with the
full board will begin here July 20.
The offer of mediation by Mr.
Chambers came as a result of a re-
quest by A. W. Trenholm, Chairman
of the Committee of General Man-
agers, which was made in spite of a
formal announcement that employ-
ees would decline to accept medi-
ation.

SPARE THE ENEMY, U.S. TELLS CARRANZA

A Time to be Merciful to Huerta's Followers

WHAT REBELS THINK

They Would Let the Rank and File Off, but They Would Try and Punish Higher Officers Proved to be Supporting Cause of Huerta.

(Special Despatch to The Globe.)
Washington, July 17.—The American
Government is firmly urging Gen-
eral Venustiano Carranza, as first
chief of the Constitutionalists, to meet
the overtures of President Carral, the
successor of General Huerta, for a
peaceful solution of the Mexican
problem. President Carral is ready
to transfer control of the Govern-
ment in Mexico City to the Constitu-
tionalists as soon as the latter guar-
antee the protection of lives and prop-
erty of all elements in Mexico, and
grant a general amnesty to those
whom the Constitutionalists have
been fighting.

The American Government has
urged General Carranza to be mer-
ciful, to grant a general amnesty and
to give assurances that all property
will be protected, particularly the
property of the Catholic Church in
Mexico. General Carranza has been
informed that the American Govern-
ment would not regard it as magnani-
mous on the part of the victors to
stand Federal officers against the wall
before a firing squad, or to take
their lives in any other fashion.

Constitutionalists here assert that
they are willing to grant amnesty to
the rank and file of the Federal army
in Mexico, but that those higher offi-
cers who can be shown to have been
active in supporting the cause of
Huerta should be tried and punished.
They do not think amnesty will be
granted to them. It may also be
difficult to persuade General Carranza
that they should be allowed to go
free on trial. The thing upon which
the American Government is insist-
ing is that the time has come when
the Constitutionalists can afford to
be magnanimous, and not force these
men to face a firing squad.

The American Government is also
urging the Constitutionalists very
earnestly to guarantee the lives of those
identified with the Catholic Church in
Mexico, and that the property of the
Church should be respected.

The Rebels Celebrate.

Nuevo Laredo, Mex., July 17.—Re-
sistance to Huerta's cause in the
provinces of Tlaxcala and Puebla
ended last night. Captain Mendoza,
commanding the constitutionalist garri-
son, in an address, said the Ameri-
can people are true friends of the
Mexicans. He urged Mexicans to
show their appreciation and friend-
ship for Americans in every possible
way.

Enlist Zapata's Aid.
Not only is the United States Govern-
ment at this moment counselling
General Carranza to spare the
Francisco I. Madero, Huerta's suc-
cessor, for the peaceful transfer of
the Government at Mexico City to the
Constitutionalists without further
fighting, but it became known to-day
that the Administration is indirectly
communicating with Emilio Zapata,
leader of the revolution in southern
Mexico.

Zapata, according to reports to the
State Department, has 24,000 men,
of whom most of them are poorly
equipped, they would constitute a ser-
ious menace to a new Government at
Mexico City if they remained in revo-
lution. Zapata, who demands agrar-
ian reforms immediately, made com-
mon cause with the Constitutionalists
and obtained supplies from them with
which to fight the Huerta Govern-
ment.

Cow Struck Dead While Being Milked

(Special Despatch to The Globe.) WINDSOR, July 17.—Norman Collins, a twelve-year-old Windsor boy, spent part of his vacation on a farm near Cottam this week, but he is back home to-day, and he de- clares he is through with pas- toral affairs for ever.

The last was milking a cow
during an electrical storm,
when a lightning-bolt struck
the animal, killing it instantly.
Collins was leaning back on
the milking-stool, when there
was a blinding flash, and the
cow dropped, having been
struck on the forehead. The
boy was rendered unconscious,
and it was some time before
he recovered. Two other cat-
tle in the barn were knocked
down by the shock.

SCOTLAND CAPTURES THE ELCHO SHIELD

Beats England and Ireland by Wide Margin

With Centrals on the Bullseye Count- ing Six the Scores and Shooting Are Considered Much Poorer Than Those of Last Year.

(Canadian Associated Cable.)
Bielefeld Camp, July 17.—Scotland
to-day repeated her victory of last
year in the match for the Elcho
Shield, open to a team of eight
from England, Scotland and Ireland.
Her team secured 1,912 points, Eng-
land 1,899, and Ireland 1,871. Cen-
trals on the bullseye counted six
this year. This being taken into account
the shooting was poorer than usual.
The winning team follows: Captain
Campbell, National Rifle Club, Major
Rankin, Lieut. Strachan, Ninth Roy-
al Scots; H. Maxwell, Captain Lan-
ger, L. D. Rankin, J. E. Martin and
George Budge, all of the National
Rifle Club.

Canadians Are Handicapped.

The Canadians are having a very
quiet day. They incline to attribute
their indifferent showing in the Mac-
kinnon match to the new sights pro-
viding puzzling. Also they miss the
services of a professional armorer.
In the sweepstakes of 500 yards,
Lieut. Neale, Grenadiers, Toronto,
won 26 shillings.

In the sweepstakes at 200 yards,
Bob of Montreal was first, winning
thirty-one shillings. A. 300 yards,
Col. Brown of Toronto was second,
winning eighteen shillings. At 100
yards Serg. Martin of Calgary was
first, winning sixty-nine shillings.

Army Gets Service Cup.

The United Service Challenge Cup
was won by the army team, the mar-
ines, navy, territorial and secondary
following in the order named.

The contest is confined to the home
forces, and is for teams of eight men,
ten shots at 200, 300 and 500 yards,
and South London won the bronze
medals.

E. F. Robinson of the English eight
won the Honiton Cup and five pounds.
Dr. Campbell of Scotland was sec-
ond, Barrett of Ulster, third, and
Blood, fourth.

FIRE UNDER CONTROL, REPORT FROM HEARST

LANDS AND FORESTS DEPART- MENT RECEIVES MESSAGE FROM CHIEF FIRE RANGER.

Yesterday morning the Lands and
Forests Department at the Parliam-
ent Buildings received the follow-
ing message from J. A. Stewart, the
chief fire ranger of the Transconti-
ental: "Bush fires under control at
Hearst. Fires very bad all over dis-
trict to-day. Every indication of rain
to-night. J. B. O'Brien has taken
care of all the people at Hearst."

ASQUITH KEEPS SECRET POLICY FOR ULSTER

COMMONS TO HOLD AUTUMN SESSION TO COMMENCE LATE IN NOVEMBER.

(Canadian Associated Cable.)
London, July 17.—The Prime Min-
ister announced in the Commons to-
day that he had decided to hold
an autumn session, and fixed the date
provisionally for the last week in
November or the beginning of Decem-
ber.

For the third time within a week
the Cabinet had another meeting to-
day to consider the Irish situation
and the allocation of the session. The
Prime Minister, much to the chagrin
of the Opposition, refrained from
any reference to the lines along
which he would aim at a settlement
of the Ulster problem when the
House amendments came up before
the House at the beginning of next
week.

The newspapers in general are in-
cluding in a great game at guessing
as to the probable outcome of next
week's debates, but even the Liberal
back-benchers confess they are en-
tirely ignorant of the Prime Minis-
ter's plans, and that the whole busi-
ness is as uncertain as ever.

The Government is assailed by a
variety of counsels and even threats
from Nationalist leaders and the
Labor party.

It also felt amongst his own
supporters that Mr. Asquith helped
matters by some plain indication, this after-
noon of how he proposed to deal on
great lines with the changes intro-
duced by the Lords.

McDONALD'S MAJORITY 7. Recount in North Bruce Favorable to Liberal Candidate.

(Special Despatch to The Globe.)
Walkerton, July 17.—The recount of
the votes cast in the recent election in North
Bruce was carried out to-day under the
supervision of Junior Judge Klein, and
resulted in the majority of four credited to
the Liberal representative, Mr. W. McDon-
ald, being increased to seven. There were
several votes with counters attached,
which the Judge counted in. The
elimination of these would have in-
creased the Liberal majority.

McDonald was represented by Mr.
J. Robertson, K.C., of Walkerton, and Mr.
C. E. Start of Tara. Mr. McDonald was
represented by Mr. C. J. Micks of Chesley
and Mr. L. E. Daney of Gendrich.

Another Baby Victim of the Sulphur Match

(Special Despatch to The Globe.) STRATFORD, July 17.—Late this afternoon, Irene, the three- year-old daughter of Mr. and Mrs. E. P. Edmunds, Nile street, died of sulphur-poisoning, despite the efforts of at- tending physicians to save the child's life. Yesterday after- noon Mrs. Edmunds found little Irene with a match minus the head. At noon to-day the child was seized with vomiting spells. Rushed to the hospital, two doctors worked for several hours over her, but were un- able to overcome the effects of the poison. The little victim's father is "Toad" Edmunds, the noted hockey player and ref- eree.

GOOD CHEESE PRICES MAKE PERTH CHEERFUL

Dairymen Are Getting a Big Return

PASTURAGE IS EXCELLENT

Spring Grains, Roots, Corn and Fruit in Perth and Huron Promise Well. —Wheat and Hay Are Light and Disappointing.

(Staff Correspondence of The Globe.)
Stratford, July 17.—Broadly speak-
ing, Perth county resembles in its
agricultural characteristics Oxford
county, which adds to the south.
This is particularly so in regard to
dairying, that branch of agriculture
which is peculiar to, or better, the
specialty of both. Both are dairy
counties, and as such hold a position
second to none other in Canada. Go
to any exhibit of pure-bred cattle and
you will find Holsteins, Ayrshires and
Shortorns from Perth and Oxford
among the prize-winners.

Perth, like its neighbor, has milk to
sell, or milk products—principally
cheese. Little of what it grows on
the farm—its field crops—is sent out-
side the county. And, indeed, a great
deal of feed is brought in.

Farmers Are "In Clover."

But on the whole the dairying in-
dustry is paying well, and financially
the farmers are "in clover." This is
not the report of fragmentary gossip,
but cheese buyers, seed merchants,
grain dealers, agricultural implement
agents bear personal testimony to this
fact.

"We pay the farmers once a
month," said one cheese buyer to The
Globe to-day, "and they are quite
ready to wait our time for settlement.
This would not be so if they were
hard up for cash, and you would see
them coming to us before the end of
the month trying to get their money
a few days ahead."

There is a fine sense of rivalry be-
tween this group of counties in west-
ern Ontario. The Perth man will say:
"We have the finest piece of agricul-
tural land in the province. The Ox-
ford farmer declares: "You will find
no better county anywhere," and the
man from Kent says: "This is the best
farming county in the Dominion." These
statements can all be taken as being
meant for the speakers, are not
land speculators, and they have no
axe to grind. The farms in each
county are a cause for justifiable
pride to their owners and his neigh-
bor folk.

Beautiful Farm Lands.

Dowley and Blanshard are the two
banner townships, but west of Strat-
ford is the highest point in the lower
lake region. From this the land
gradually slopes in all directions.
North Easthope is a beautiful rolling
township with rich soil. South East-
hope is a first-class farming town-
ship. Logan, Elma and the others
offer little by way of criticism. There

HUERTA REACHES THE COAST

Puerto Mexico, July 17.—General
Huerta, who recently resigned as Presi-
dent of Mexico, arrived here shortly
after 9 o'clock to-night. He was
accompanied by General Blanquet,
his Minister of War. General
Huerta will remain aboard his
train to-night. None of the
messages sent to Huerta's wife
or to General Camerona, com-
manding in the specialties, to-day
indicated the Huerta's plans. Not
even the captains of the British or
German vessels had definite instruc-
tions. They were to leave the deci-
sion to Huerta himself.

TO WAGE BIG BATTLE ON ARMY WORM PEST

The Department of Agriculture Moving in the Matter

Provincial Representative in Brant County to Take Charge of the Sit- uation—Spraying and Dusting Recommended.

The havoc which the army worm
has been playing with the crops in
various counties is taxing to the ut-
most the resourcefulness of those who
are attempting to stem its progress.
The Agricultural Department has
a representative in Brant county in
the person of Mr. Roy Schuyler, and
he is specially in charge of the situation.
It is also believed that the assistance
of the Agricultural College is being
invoked in order that the most scien-
tific and thorough methods of fight-
ing the pest will be employed.

The origin of the present plague of
this type is particularly interesting.
One theory explained to a Globe re-
presentative last night was that the
climatic conditions have been so pecu-
liar, in that the natural foes of this
particular pest seem to be absent. The
farmers are being made to localize
the particular area, and with the use
of kerosene there is talk, if the cir-
cumstances warrant, of the burning
of a ring round the affected area.

Poison the Pest.

According to information obtained
from an authoritative source, by
thorough spraying, or perhaps better,
by dusting the strip of the crop with
Paris green or some arsenic and
liberally distributing poison bran
mash large numbers of the pest may
be destroyed. Where they are massed
in furrows they can be destroyed by
spraying them with pure kerosene or
crude petroleum. As in fighting
chinch bugs, the army worms must
be located and conclusive com-
bat if the loss of crops is to be pre-
vented, for they move rapidly and
destroy all in their path.

HOLD-UP MAN CAUGHT BY UNARMED CONSTABLE

MONEY TAKEN FROM THREE MEN AT POINT OF GUN FOUND ON HIM.

(Special Despatch to The Globe.)
Bowmanville, July 17.—Hubert
Powell, with several aliases, and giv-
ing his address as Pontypool, appear-
ed before Police Magistrate William
Horsley this morning charged with en-
tering the shop of Henry Jakeman
at Burketon last night and holding
him up at the point of a revolver.

A man answering Powell's descrip-
tion entered Jakeman's store about 10
o'clock last night, and masked
held up three men at the point of a
revolver, while he relieved the till of
about \$16 in silver and bills. With-
drawing from the store, he went
west into the woods, from where
along the C.P.R. tracks, he was
at once telephoned to Chief Jarvis
of Bowmanville, who got a posse of
men to follow the culprit, while he
went into the woods, from where
he was followed by the police west
of Burketon.

John O'Boyle, constable at Myrtle,
found Powell at 2 o'clock this morn-
ing hiding in a shed near the station,
and although unarmed he quickly ac-
tached, arrested Powell and brought
him to Bowmanville this morning.

When searched by Chief Jarvis, a
32-calibre revolver, loaded with four
cartridges in his pocket, also \$15.52
in bills and silver, and two black
masks, being concealed in his boots.
A gold watch and chain, which had
evidently been stolen, were also found
on him, the inside of the case having
this engraving: "To Pte. J. J. Powell,
Butt. R. C. Regt. front of the
citizens of Galt, for service to Queen
and Empire in South Africa, Galt,
November 2, 1900."

The prisoner is nineteen years old,
about five feet six inches tall, of dark
complexion, and is wearing a blue suit
and cap, with tan shoes. Magistrate
Horsley remanded him for a hearing
this Saturday morning. Great credit
is due Chief Jarvis for his quick ac-
tion in the case, and to Constable
O'Boyle for his clever and brave ar-
rest.

BIG MOMENT ARRIVES IN HOME RULE FIGHT

Government and Opposition of Great Britain Approach Very Nearly to a Settle- ment of the Historic Struggle

(Canadian Associated Cable.)
London, July 18.—The most in-
teresting moment in the home rule
struggle was reached last evening
when the Government and the Op-
position leaders, with whom communi-
cations have been renewed, ap-
proached very nearly to a settlement.
The questions at issue included the
possibility of a settlement on the basis
of no clean-cut for Ulster and no
time for decision, but the voting of
certain specific Ulster counties on ex-
clusion from home rule. The counties
under discussion in connection with
this proposal are: Antrim, Ar-
magh, Down, Londonderry, Fermanagh
and Tyrone.

Two Cabinet Councils were held.
Premier Asquith had an audience
with the King, and was in communi-
cation with Andrew Bonar Law, the
Unionist leader, and Sir Edward Car-
son. In fact, the whole day was oc-
cupied in conferences between the
various party leaders, but without de-
finite result. The negotiations will be
continued Monday.

Deadlock Over Tyrone.

There is a deadlock between the
parties as to whether or not Tyrone,
in which the Roman Catholic popula-
tion is predominant, should be in-
cluded in the Ulster counties which
will have a vote on exclusion from
home rule. At the moment, no
prospect is in sight for a compromise.

REBELS CAPTURE SAN LAUIS POTOSI

(Canadian Press Despatch.)
BROWNSVILLE, Tex., July
17.—San Luis Potosi has sur-
rendered to the Constitutional-
ists, according to unofficial
despatches received in Matamoros,
opposite Brownsville, to-day.
The messages, which
were sent from Monterey,
gave no details.

DUKE ENDS HIS VISIT

St. John's, Nfld., July 17.—The Duke
of Connaught, called at midnight last night
for Quebec after a triumphal tour through
the city, when great crowds, which had
gathered all along the route gave him a
heartily farewell. The Duke's visit
also had him farewell at King's Wharf.
There were bonfires on the hilltops, and
there was a big display of fireworks. This
morning the Duke sent a wireless message
to the Governor, expressing thanks for his
reception.
