

CZAR PREPARES FOR WAR--BELGRADE CAPTURED BY AUSTRIAN WARSHIPS

LONDON, July 30.—According to The Times, direct diplomatic intercourse between Austria and Russia was suspended yesterday.

RESERVISTS CALLED TO RUSSIAN COLORS

Quick Action Follows Failure of Negotiations With Austria

RUSSIA MOBILIZING A FORCE OF 1,280,000 MEN

Germany is Anxious Lest Russian Forces be Directed Against Her Frontier—Diplomats Still Have Hope in What Sir Edward Grey May Achieve

ST. PETERSBURG, July 29.—An Imperial ukase, issued by the Emperor to-night, calls to the colors an immense number of reservists. The men called out are:

First—All the reservists of 23 whole Governments and of 71 districts in 14 other Governments.

Second—Part of the reservists of nine districts of four Governments.

Third—The naval reservists in 44 districts of twelve Russian Governments and one Finnish Government.

Fourth—The time-expired Cossacks of the territories of Don, Kuban, Terek, Astrakhan, Orenburg and Ural.

Fifth—A corresponding number of reservist officers of the medical and veterinary services, in addition to needful horses, waggons and transport services, in the Governments and districts thus mobilized.

RUSSIANS GREATLY STIRRED. ST. PETERSBURG, July 29.—A striking demonstration occurred here to-day at the Kazan Cathedral, where a special service was held and prayers were offered for victory to the Slav arms.

The cathedral was thronged, and the officiating priest, after the ceremony, presented to the Serbian Minister a fac simile of the Ikon of the Holy Virgin of Kazan for the Serbian army. The Minister handed the Ikon to officers who were starting for the front to-night.

The German and Austrian Embassies are guarded on all sides by strong detachments of police, and nobody is allowed to stop on the adjacent footpaths for fear of hostile attempts.

EXPECT BRITAIN TO HELP. A confident feeling prevails here of Great Britain's support. Russia's attitude is regarded as incomprehensible, except on the assumption that she is anxious for a trial of strength at the present moment.

At Odessa patriotic processions marched through the streets to-day bearing the portraits of Emperor Nicholas and the Kings of Serbia and Montenegro, and cheering for Serbia, France and Great Britain.

EUROPE MORE ANXIOUS. LONDON, July 29.—The day's events brought no relief to the suspense nor any diplomatic achievement to restrict the Austro-Serbian war to those two nations. The feeling throughout England, and the continental feeling as reflected by the correspondents of the London papers, is tonight distinctly more anxious than yesterday.

RUSSIA'S HUGE FORCES MOVING. Two events have made for pessimism. The direct negotiations between Russia and Austria, which gave the other Governments hope of a compromise, have failed and are ended. Russia is mobilizing against the Austrian frontier four army corps in each of four dis-

War Summary

Belgrade was bombarded from Austrian warships on the Danube. Many buildings were destroyed, and the Servians retreated.

The gravest fear is felt in Europe that a general war cannot be avoided.

Russia and Austria have failed to agree on a compromise, have broken off negotiations, and Russia is mobilizing 1,280,000 men.

A heavy artillery duel is proceeding between the two forces at Vichnitz, near Belgrade.

The British home fleet has sailed under sealed orders, while the fleet in the Pacific is mobilizing at Wei-Hai-Wei.

Important moves are taking place in German, Belgian, Russian, French and Italian armies.

London had the blackest day in twenty years on its Exchange, seven failures being reported.

The war is hurting business in Paris, and fashion openings have been postponed for nearly a month.

A manifesto from the Czar is hourly expected.

The Czar and Emperor William were in communication. The German press puts the issue up to Russia.

Army Activities

Strasbourg, Germany, July 29.—The commander of the 15th German army corps stationed here announced to the press to-day that important night manoeuvres would take place to-morrow, in the neighborhood of Strasbourg.

The announcement stated that the exercises had been long prepared and that the population of the city should not be disquieted if artillery firing were heard, since it would have no relation to the present international situation.

Brussels, Belgium, July 29.—The Belgian cabinet decided to-day to call out immediately three classes of the army reserves.

St. Petersburg, July 29.—It is considered probable that Emperor Nicholas will be in command of the Russian forces in his second cousin, Grand Duke Nicholas Nicholasovitch, and Gen. Sukhomlinoff, the Minister of War.

London, July 29.—The present mobilization order affects only the Russian frontier contiguous to Austria and not the German frontier. It is confined to the military districts of Kiev, Moscow, and Kazan.

The peace footing of each of these districts is four army corps, each of them numbering 10,000 men, or a grand total of 40,000 men. The command to mobilize doubles this total, so that 1,280,000 men are affected by the order.

Berlin, July 29.—The Russian regiments which have been moving forward to occupy such important strategic points on the frontier as Wirballen, Russian Poland, have been served out with 350 rounds of ammunition per man, while hasty purchases of forage have been made for the cavalry. A number of German regiments have been moved toward the frontier as a precautionary measure. The men wear the new gray service uniforms, and carry their field equipment.

London, July 29.—Partial mobilization of the Russian troops in the southern and southern districts was ordered by the Russian War Office last night, according to despatches received here.

It is argued in official circles that although this action dangerously diminishes the chances of maintaining European peace it does not necessarily imply a rupture of relations between Austria-Hungary and Russia.

BELGRADE BOMBARDED BY AUSTRIAN WARSHIPS

Barracks of Servian Capital Were the Target, Though Public Buildings Also Under Fire—No Reply From Servia—Austria Lost No Men.

By MARTIN H. DONOHUE

(Special Cable Despatch to The Globe.)

SEMLIN, Hungary, July 29.—Early this morning the Austrians began hostilities by bombarding Belgrade. Three monitors took up positions at the confluence of the Danube and the Sava, and when close to shore opened fire. The monitors' guns were directed on the Belgrade barracks, and no pains were taken to avoid hitting the public buildings, some of which seem even from here to have been damaged. The Servians made no reply to the Austrian gunfire, but they have cut off the railway bridge.

The bombardment is bloodless so far as the Imperial forces are concerned.

MAP OF BELGRADE AND ENVIRONS.

Zeitungs' Koenigschuette correspondent says that orders have been issued in the Russian Polish industrial district to impound all horses suitable for military work. The correspondent adds that the military authorities requisitioned the horses of the Kieles. Forces last night.

Paris, July 29.—A large number of noted French aviators, led by Roland Garros, in a letter to the Minister of War have offered their services.

The military movements in Belgium are being pushed rapidly, and by this evening 100,000 men will be equipped and ready. The forts around Liege and Namur are receiving war equipment, and the bridges are being mined. A special train is at Arlon, capital of Belgium, Luxembourg, ready to carry the garrison to the north.

Austrians Have New Bridge in Reserve

London, July 30.—It is stated in connection with the blowing-up of the bridge across the River Sava by the Servians that the Austrians have another bridge, in sections, on their side of the river, which they can put up in a few days.

The Capture of Belgrade

LONDON, July 30.—A Vienna despatch to the Exchange Telegraph Company says:—“After a heavy bombardment by the Danube gunboats, Belgrade was occupied by the Austrian troops Wednesday.”

Athens, July 29.—The Servian Legation has received the following telegram from Nish, dated July 29:

“During the night Belgrade was bombarded. Shells fell in various quarters of the town, causing great damage. Several fell on the Franco-Servian and Andrejevich banks. M. Andrejevich of the banking firm was wounded. Both banks have lodged a protest at the German Legation.

“An artillery duel is proceeding at Vichnitz, about three and a half miles down the river from Belgrade.”

Servians Retreated. Vienna, July 29.—The Servians at 1:40 this afternoon blew up the bridge spanning the River Sava, between the Austrian town of Semlin and Belgrade. The Austrian infantry and artillery stationed at Semlin, in conjunction with monitors on the Danube, fired on the Servian positions beyond the bridge. The Servians retreated after a short engagement with trifling losses.

Ships Were Captured. A small detachment of pioneers, in cooperation with the customs officers, yesterday captured two Servian steamers laden with ammunition and mines. The pioneers and reserve guards, after a short, sharp encounter, overcame the Servian crews and took possession of the vessels and their dangerous cargoes. The captured ships were towed to Semlin by the Danube steamers.

GHASTLY DISCLOSURE IN ROBINSON'S CELLAR

Indications at Tamworth of Illegal Operation

BODY OF CHILD FOUND

Surgical Instruments Also Buried Beside Miss Yorke's Body, in Rudely-scoped Hole, Covered With Earth and Pieces of Wood.

(Staff Correspondence of The Globe.) Tamworth, July 29.—The mystery of the unnatural death of Blanche Yorke on July 8th, which has attracted attention over the whole Province, is being solved and the blame attached. It is now held that Dr. C. K. Robinson was implicated in the crime, and a warrant was issued for his arrest this evening. Detective Inspector Miller left Tamworth hurriedly, and it is believed he is on Dr. Robinson's trail. A Coroner's jury sat through two crowded sessions, afternoon and evening, listening to the evidence of a large number of witnesses, first with a view to properly identifying the decomposed remains as those of Blanche Yorke, then to finding how or by what means she came to her death. It was at first thought that a verdict could be arrived at to-night, but at a late hour an adjournment was made until to-morrow morning.

Naval Movements. Portland, Eng., July 29.—The British fleet sailed from here to-day for an unknown destination. No information could be obtained from naval officials as to the movements of the war vessels.

Shanghai, July 29.—The British far eastern fleet is mobilizing at Wei-Hai-Wei, on the north coast of Shan-Tung province. The German fleet is mobilizing at Tsing-Tao, about 200 miles to the south.

CARRIERE CALLED OFF BY ROBLIN MACHINE

No Election in Le Pas To-day in Consequence

Their Candidate's Resignation Causes Great Excitement—He Has Disappeared—Climax of Operations Regarded as Most Short-sighted.

(Special Despatch to The Globe.) Le Pas, Man., July 29.—Rogers' machine got in its fine work on Wm. Carrere, Liberal candidate for the Manitoba Legislature, and the result is the election of Dr. Orok, Conservative, by acclamation. Attorney-General Howden, who has been conducting the Roblin campaign here, visited Returning Officer Clapp on Monday, and produced a declaration from Carrere that he had resigned. Howden ordered Clapp to sign the document, and then told Clapp that he was no longer returning officer, and that he (Howden) would send the declaration by special messenger to Winnipeg.

The witness to Carrere's signature was Robert Kerr, his business partner. Kerr was the last man seen with Carrere on Monday morning. Kerr and Carrere have not been seen here since.

Not a member of the Liberal Association knew anything about the resignation, but all were uneasy when Carrere failed to show up on Sunday. Rumors were on the street (Continued on Page 2, Col. 2.)

RUSSIA WITH SERVIA AND DIE IS CAST

St. Petersburg Believes Only a Miracle Can Now Avert War—Great Enthusiasm for the Czar if He Leads the Forces.

(Canadian Press Despatch.) ST. PETERSBURG, July 29.—In Russian eyes the die is cast. Only a political miracle can avert war.

Russia does not swerve from her determination to support Serbia, and partial mobilization has already been ordered. There is every indication that the whole vast military machinery of Russia will soon be set in motion.

An Imperial manifesto is awaited to-night. ENTHUSIASM FOR THE CZAR. Should, as is understood, Emperor Nicholas become Generalissimo of the forces, an immense wave of enthusiasm will sweep over Russia.

The political parties have sunk their differences. The general attitude is not “jingoistic,” but one of resolute confidence in the justice of the country's cause and readiness to make all sacrifices.

AN IMPOSSIBLE PROPOSAL. The proposal attributed to Austria to discuss terms when Belgrade has been occupied is regarded as impossible. It is pointed out that before the opening of hostilities Russia proposed to Austria a direct exchange of views, which Austria rejected.

The foregoing St. Petersburg despatch was passed without revision, a fact which is considered highly significant.

AUSTRIAN COMMANDER. Archduke Frederick, Commander-in-chief of the Austrian army.
