

WAR CALL STIRS PATRIOTIC TORONTO

Thousands Throng Streets Singing National Hymns and Cheering for King and Empire

If war it is, war let it be. That was the spirit in which Toronto received the news of the war declaration last night.

Toronto took the news in that manner that has been the description contained in the cables from Britain of the attitude there of the war.

Thousands who gathered in front of the Globe office read the bulletin this morning. The monarch that King George the Fifth was posted a few minutes after the first flash of the declaration itself.

There was no shallow, yelling patriotism either in that mighty cheer, or in the discussion, heard groups express an earnest willingness to go to the front and die for the King.

STANDS BY THE UNION JACK

SIR ADAM BECK, who telegraphed the Government, offering to serve the British Empire in the present war.

Sir Adam Beck, Chairman of the Provincial Hydro-Electric Commission, and M.P.P. for London, who a year ago was appointed to the Canadian militia as Colonel, and appointed to the Honourable Committee of the Military Council of Canada, telegraphed the Canadian Government last night offering his services in any capacity in which they may be desired in the war.

A remarkably patriotic statement was also made by Sir Adam, who is of German descent, when spoken to by The Globe over the long-distance phone last night. "I am a Canadian," he declared, "and all Canadians should stand by the Union Jack."

VOLUNTEER NURSES PREPARING FOR GRIM WORK

Lectures being given and applicants appear remarkably enthusiastic. Over two hundred women of all classes, who had volunteered for active service as first-aid nurses, were given their first instructions by the members of the St. John's Ambulance Corps last night in a lecture room at the Armories.

From their appearance all of the applicants would be leaving good homes if they were sent to the scene of military activities. Many of them were very young. All of them were remarkably enthusiastic, and as they left the Armories to go to their homes their first desire was to learn whether war had been declared between Great Britain and Germany.

Classes will be held Tuesday and Thursday evenings, but when the enrollment grows instructions will be given in the afternoons. The message by the Canadian National Association of Graduate Nurses to the Dominion Government, was received from Sir R. L. Borden by the Secretary, Miss J. R. Gunn, at the General Hospital last night. It reads as follows: "My colleagues and I sincerely appreciate your telegram just received. It will be immediately placed before the Militia Department for consideration."

Word was also received by the association from Director-General Jones of the Royal Army Service Corps at Ottawa informing the nurses that he had arranged for an interview between the latter and Colonel Foster, R. A. M. C. This will probably take place to-day.

KING GEORGE'S MESSAGE TO OVERSEAS DOMINIONS

The Empire will stand united, calm, resolute, trusting in God.

(Special Despatch to The Globe.) Ottawa, Aug. 4.—The Duke of Connaught received the following message from Hon. Louis Harcourt, Colonial Secretary, this afternoon:—"Please communicate to your Ministers the following message from his Majesty the King: 'I desire to express to my people of the overseas Dominions with what appreciation and pride I have received the messages from their respective Governments during the last few days. These spontaneous assurances of their fullest support recalled to me the generous, self-sacrificing help given by them in the past to the mother country. I shall be strong in the discharge of the great responsibilities which rest upon me by the confident belief that in this time of trial my Empire will stand united, calm, resolute, trusting in God. George R.I.'"

LUSITANIA TO SAIL

Big Cunard to Leave New York Six Hours Late. (Canadian Press Despatch.) New York, Aug. 4.—The Cunard liner Lusitania will sail at midnight for Liverpool. She was due to sail at 6 o'clock to-night, but her trip was deferred yesterday upon orders from the home office in England. To-day she has received cable instructions to have her sail at midnight.

AN IMPRESSIVE FUNERAL

Hamilton, Aug. 4.—The funeral of the late "Dave" Tope, the former great football player of the Tiger team, who was killed in an auto accident on Saturday morning, took place this afternoon, and was one of the largest ever seen in Hamilton.

FRENZIED LONDON MOB STONES GERMAN EMBASSY

Police repulse attack by repeatedly charging crowd.

London, Aug. 4.—Following the announcement of war at midnight, an enormous mob here attacked the German embassy. Stones were thrown through the windows and an attempt to storm the building was only averted by prompt and efficient action by the police. The officers had to charge the crowd repeatedly before it dispersed. Troops have been called to defend the Embassy.

GERMAN TROOPS LOOTED IN FRENCH TERRITORY

Rounded up cattle under eyes of French troops—no fighting occurred.

(Canadian Press Despatch.) Paris, Aug. 4.—The Temps publishes a resume of incidents on the France-German frontier. It says a number of German reconnoitering parties crossed the frontier with the object of ascertaining the strength of the French covering troops. It is assumed by the French military authorities that the Germans would have made a sudden attack in great force on Nancy if the French troops in the vicinity had been found in minor strength.

DE LESSEPS ANSWERS HIS COUNTRY'S CALL

Count de Lesseps, the famous French aviator, son-in-law of Sir Wm. Mackenzie, the Canadian railroad magnate, has answered the call of his country. Late on Monday afternoon his private yacht docked in Peterboro', having come from Stony Lake, where the Count has a magnificent summer home. His wife accompanied him as far as Peterboro', and said good-bye as he swung aboard the midnight C. P. R. flier bound for Montreal, where he will embark for the old land.

AWAITING ORDERS FROM GOVERNMENT

Everything is in readiness for a call at any time, said Col. M. S. Merrett at the Globe last night. "All commanding officers are in touch with their company officers, and company officers with the non-commissioned officers, so that it will only require orders from the Government to place the whole Toronto Garrison in the field at once. In twenty-four hours they could reach the concentration camp at Quebec."

DEPARTING FOR GREAT BRITAIN

Volunteers poured into the military headquarters yesterday, as on Monday.

TWO STEAMSHIPS ARE TRANSFERRED TO NAVY

All Ships Available in the Naval Service Out

Rumor That Austrian Vessels Meditate Attack on One of the Marconi Stations—Necessary Precautions Have Been Taken.

(Canadian Press Despatch.) Ottawa, Aug. 4.—An official memorandum says, in part:—"The steamship Margaret and the steamship Canada have been transferred to the naval service, and all ships available in the naval service have been placed on active service."

All measures prescribed by the scheme of defence have been taken by the various Departments of the Government.

"The naval volunteer force has also been called into active service. There has been a rumor that Austrian steamships, presumably merchant ships, are meditating an attack on one of the Marconi stations, and the necessary precautions have been taken."

WAR BOOSTS PRICE OF MANITOBA FLOUR

Quotations up thirty cents per barrel—higher prices probable.

Yet another evidence of the effect of the war on values of foodstuffs was had yesterday when prices of Manitoba flours were advanced thirty cents per barrel. While export trade at the moment was paralyzed on account of the heavy war risks and difficulties of transportation, it was expected that some arrangement would be made whereby shipments of grain and flour to the United Kingdom would be guaranteed against loss by seizure at sea. This tended to make the market firm, and when there was added to this an advancing wheat market and a strong domestic demand, higher prices were the inevitable result. Some millers predicted that further advances would follow closely the outbreak of hostilities between Britain and Germany, provided that a suitable outlet could be secured for Canada's surplus.

WM. NICKLE'S BODY ASHORE

Sarnia, Aug. 4.—(Special.)—The body of Wm. Nickle, the Arncliffe young man who was drowned in Lake Huron near here on Sunday, was washed ashore at Wees Beach this morning after being in the water for 48 hours. Waves, caused by a stiff north wind, threw the body upon the beach. The funeral will be held on Thursday.

LUMBER MAN LEFT \$967,000

Mr. Charles King, the Quebec lumber merchant, who died in Quebec on May 25 last, left a large fortune. The actual amount stated in the will filed for probate yesterday was \$967,000. Besides leaving a large amount to the widow and other relatives, the deceased left various sums to Quebec churches and charitable organizations.

TROOPS ARE ORDERED TO WELLDAN CANAL

Canada's First Military Order Since War Was Declared—Word for General Mobilization Expected Hourly

Canada's first military order in connection with the European crisis was issued last night, when Major-General F. L. Lessard received instructions to send sufficient troops, infantry and cavalry, to guard the Welland Canal and locks.

The General sent a message to Col. Cohee, in command of troops in the vicinity, asking for a report as to the number of troops necessary. Immediately on receipt of a reply troops will be despatched.

An order for a general mobilization is stated to be expected hourly.

Col. Currie, M.P., called a meeting of the officers of the 48th Highlanders yesterday afternoon to consider what should be done to provide for all possible contingencies in case of a call for active service. It was decided to notify the Minister of Militia that the regiment is ready to do anything and go anywhere when called upon. In case the regiment is not interfered with, but when an entire German squadron of cavalry crossed the line near Belfort a squadron of French cavalry was sent out and the German troops retired.

FRONTIERSMEN TO ORGANIZE

Owing to a misunderstanding as to the place of meeting, the conference of the local branch of the Legion of Frontiersmen, held last night at the Sons of England Hall, resulted in the appearance of only a few members, who, however, took occasion to manifest their allegiance and to stand ready to serve the British Empire.

Three companies of this regiment are stationed in Toronto, and five in the Province, at Orangeville, Shelburne, Port Credit, Mono Road and Brampton.

While the assemblage of frontiersmen was comparatively small, there were present a sprinkling of South African veterans, veterans of 86 and 87 of Batoche. Notwithstanding their advanced years they stepped forward with a request to be permitted to go to the front as Canadian militia men.

Mr. Warren called attention to the fact that the membership of the Frontiersmen is 10,000, 400 of whom are residents of Canada. Of this number 200 are located in Calgary and the remainder distributed in various parts of Ontario.

Following the meeting a conference of the executive was held at which it was decided to hold another meeting at 7.30 o'clock to-night on the parade grounds adjoining the armory.

The committee got in touch with Col. McLeod of Queen's Own Rifles, who readily consented to pre-

pare a list of names of volunteers who had volunteered for the war.

STREET CAR DELAYS

4.13 p.m.—Horse on track at Parliament and Queen; 6 minutes' delay to westbound Parliament and Broadview cars.

WILL MEAN HEAVY BLOW TO GERMAN AGENTS IN CITY

IF WAR LASTS LONG MANY IMPORTERS WILL CLOSE DOORS.

Among the business men of Toronto, those most affected by the war are men representing German firms or in business as importers of articles of German manufacture. One man who has developed quite a business in electrical supplies imported from Germany told The Globe last night that he was completely at a standstill, as goods already under order cannot now be delivered and has been in the same position until the trouble is over no more orders can be accepted. He said that there were probably fifty or a hundred in this city in the same position as himself and that if the war lasted very long they would have to close their doors.

MARTIAL LAW

London, Aug. 4.—The proclamation of martial law, which was issued to-day bearing the signature of King George, says:—"Whereas the present state of public affairs in Europe is such as to constitute an imminent national danger, we strictly command and enjoin our subjects to obey and conform to all instructions and regulations which may be issued by us or by our Admiralty and Army Council, or by any officer of our navy and army, or by any other person acting in our behalf for securing the objects aforesaid; and not to hinder or obstruct, but to afford all the assistance in their power to any person acting in accordance with such instructions."

The execution of any measures taken for securing those objects."

ENTHUSIASTIC CROWDS SING NATIONAL SONGS IN SEVERAL CITIES

Lively Scenes Witnessed at Ottawa, Quebec, Montreal and London—French-Canadians Realize the Situation.

(Canadian Press Despatches.) Ottawa, Aug. 4.—Not since the memorable South African war have such scenes of patriotism been witnessed in the capital as to-night, when the news of the declaration of war was received. Thousands stood in the streets before the newspaper bulletin boards and sang the National Anthem, "The Maple Leaf Forever" and "O Canada." Extras of the newspapers were issued informing the public of the conditions abroad.

The Governor-General's Foot Guards marched through the streets to-night, and almost the entire population of the capital lined the streets cheering the citizen soldiery. Lieut.-Col. J. W. Woods of the Guards has volunteered his regiment for active service. Col. the Hon. Sam Hughes addressed the men at the drill hall after the march-out, assuring them of his confidence in the corps.

The Races Are United. Quebec, Aug. 4.—The announcement that Britain and Germany were at war was received with the greatest enthusiasm in this city, where British, French and Irish paraded together in a display of loyalty and patriotism such as has never before been witnessed in the ancient city of Champlain.

Before a massed crowd, Albert Severyn, the brilliant young member of Parliament, made it plain that the French-Canadians realized the seriousness of the present menace to the Empire in general, and to Canada in particular, and were standing shoulder to shoulder with their fellow-citizens of other races. He recalled how France had gone down before the arms of Germany in 1870. The great question which French-Canadians had been asking during the past few days, he said, had been, "What will Britain do?" Had France been left alone her arms might not have met with the same fate as that which has befallen her. He said that he was sure that Providence would smile upon them in this struggle of giants.

All, he said, realized the ambitions of Germany and knew that she had her eyes on the British colonies, including Canada. In France all the parties were as one. In Great Britain, too, all political differences had been set aside in the face of the common foe.

After describing what the victory of Germany might mean to the Dominion, Mr. Severyn said he had never seen such unity in Canada as upon this war question.

Many Offering to Serve. Hamilton, Ont., Aug. 4.—There was great enthusiasm to-night after it was announced that a declaration of war had been made by Britain. A number asked that bands be brought out, but no action was taken in this respect. A large number of men volunteered their services, and some of the decorations, such as army corps and dragons, are talking of offering their services immediately, and in a body.

Esultation in London. London, Ont., Aug. 4.—Patriotic enthusiasm ran rampant in the city to-night when the newspapers bulletined that there had been war declared between Germany and Great Britain. Crowds thronged the streets in vast concourse and numerous processions were formed, hundreds joining in singing "Rule Britannia," "God Save the King," "The Maple Leaf," and other patriotic songs. The Old Boys' Reunion, now in progress, has brought thousands to the city, and the visitors joined with the home guard in patriotic demonstration. Union Jacks, which formed part of the decoration scheme for the home guard, were torn from buildings and waved with the utmost enthusiasm. The air was heavily charged with the war spirit and everywhere seemed exultation rather than regret over the fact that war had finally been declared.

Montrealers Almost Relieved. Montreal, Aug. 4.—The news of the declaration of war was received by the citizens of Montreal pretty much as they might have received word of the result of an election, except that in this case there was no surprise, and they were practically unanimous in accepting it as the inevitable thing.

Throughout the city there is unanimity in the belief that Britain's quarrel is a just one, and the people generally are sympathetic with the patriotic fervor shown this week by the various military organizations of Montreal. There will be thousands of volunteers in this city, as was made plain to-night by the crowds in the streets cheering and singing "God Save the King," "Rule Britannia" and "La Marseillaise," and declaring their willingness to go to the wars.
